## PROFILE

I am a recent graduate in UX Design with a background in Marketing and Web Design. Advanced experience in creating design projects either individually or in a team. I am a highly motivated, conscientious and creative individual who is currently seeking a position as a UX/UI Designer.

## EMPLOYMENT HISTORY

### Visual designer and UX/UI , Freelancer

Mar 2021 — Present

- Successfully completed more than 5 projects as measured by client satisfaction. I designed landing pages for a law consultation and implemented a marketing strategy.
- Designed various landing pages, websites, brochures, menus and booklets using Photoshop, Figma and Illustrator.
- Revisited multiple drafts and specifications while working closely with shareholders.

### UX/UI Designer , Number Fit

Remote

Sep 2021 — Jan 2022

- Assist in the design, wireframing, and prototyping of projects.
- Worked as a user experience researcher by interviewing teachers and students.
- Meetings with other team members on a weekly basis.
- Assisted in improving the Matt World Cup game website by revising the layouts and enhancing the user experience.

### Graphic Designer and Sales Assistant , Snappy Snaps

London

Dec 2021 — Feb 2022

- Taking orders and developing photographs on an instant film development machine.
- Graphic editing of portraits and pictures with Photoshop including email printing services, and passport photo services.
- Collaborated with team members in a multi-disciplinary department.
- Successfully delivered customer services and completed online and in-site orders from customers.

### Digital Marketer , En Education and KMHFC

Apr 2021 — May 2021

- Management of social media and posting more than 30 ads, increasing the number of visitors by 15%.
- Collaboration with the marketing strategist manager and

assisting in the improvement of brand awareness and increasing online targeted audience by implementing SEO.
